Pruning and Garden Renovation Workshops

Spring—Saturday, March 24, 2012, 10am - 3pm

Fall—Saturday, September 22, 2012, 10am - 3pm

Fall (in Spanish)—Friday, October 12, 2012, 8:30am – 3:30pm

The Renovation Workshop is a popular hands-on all-day event that features a rare 3:1 student-teacher ratio and real-world experience. Pruning and creative solutions for the overgrown garden are taught as an entire yard is renovated during the class. The day begins with a lecture followed by hands-on experience out in the yard. Topics discussed will include pruning, transplanting, and landscape maintenance. The group will move through an overgrown landscape while on-the-spot evaluations of plants and demonstrations of pruning are given. Workshop participants will then cycle between jobs to learn what the landscape has to offer.

The workshop takes place at a private residence within King County selected for its neglected state and diverse plant material so as to provide class instruction on a wide variety of topics. A pruning DVD and handouts on various pruning topics will be provided to all participants.

PlantAmnesty's Japanese Garden Pruning Workshop

Saturday, May 12, 2012, 10am – 3pm

This workshop will be held at Seattle's Kubota Garden and will cover the Japanese-style pruning of pines, including the demonstration and practice of needle and candle pruning, Japanese maple (upright and weeping) pruning, and bamboo pruning. The prerequisite for this workshop is attendance at the Japanese Garden Pruning lecture on Saturday, April 7, 2012 (or on November 13, 2011).

These workshops are for home gardeners, landscape professionals, and Master Pruners. Complete details and materials will be sent to participants a few weeks prior to the workshop. **Questions:** contact PlantAmnesty at 206-783-9813 (please leave a message) or info@plantamnesty.org. For more information about the Master Pruner classes, check out: <http://www.plantamnesty.org>.

Preregistration is required for all workshops—space is limited.
