

## **Dear concerned citizen,**

We know that Seattle's trees and tree canopy are important to you and together we can get our voices heard.

We've put together a list of government and non-government contact information for you.

**ACT NOW** to help us save our city's trees!

Here are some steps that you could take,

1. Contact the City Council and Mayor directly.
2. Attend City Council meetings in person and comment.
3. Attend district-based City Council local meetings
4. Get an office meeting with the Mayor and/or staff or City Council personnel.
5. Contact TreePAC and ACT NOW
6. **Spread the word!!!** Tell your neighbors, other Seattle residents you may serve with on local Community Councils, your neighborhood group, your church group, social media, and anyone and everyone willing to listen. The more people know, the more they can provide input and help the effort.

## **Contact Information**

### **Government**
